**CITY OF RHOME TEXAS  
MUNICIPAL ENGINEERING  
SERVICES REQUEST FOR QUALIFICATIONS**

**I. INTRODUCTION AND PURPOSE OF REQUEST**

The City of Rhome located in Wise County, hereinafter referred to as the “City” is soliciting Statement of Qualifications from engineering firms, hereinafter referred to as ‘The firm” OR “City Engineer”, which have five (5) years or more of comprehensive experience in providing municipal engineering services as outlined in the SCOPE OF SERVICES section of this request.

On an ongoing basis and as subject to contract renewal terms as defined by the City, the City intends to have the Firm selected function as the “City Engineer” to review proposed commercial and residential development plans in order to determine compliance with applicable laws and ordinances implemented or adopted by the City, and also function as a consultant to the City in development matters. The City further intends to have the Firm design and/or monitor the construction of municipal projects, including roadway/street, water/wastewater, storm water, and drainage as well as a variety of other projects. The services requested will require the Firm to be licensed in the State of Texas. The City reserves the right to select an engineer other than the designated City engineer on a specific project basis as determined by the City Council to be in the best interest of the City.

**II. GENERAL INFORMATION**

The City of Rhome is governed by an elected Mayor and a five-member City Council elected to two year overlapping terms. The firm selected would work extensively with the Public Works and Administration Departments.

The City has the following departments: Administration, Public Works, Police, Courts, and Fire.

The City Council appoints the City Administrator to serve as the City’s Chief Administrative Officer. The City Administrator is responsible for the day to day operation of the City, including oversight of contracts and contracted staff.

**III. SCOPE OF SERVICES**

The general work elements are outlined below.

- A. **Plan Review Services:** The selected consulting City Engineer will provide technical review of, and answer inquiries relating to, site plans, subdivision plans, improvement plans, land disturbance plans, and construction plans relating to projects proposed by applicants to be developed in the City to ensure conformance to codes adopted by the City, as well as state and federal laws.

- B. **City Project Design Services:** the selected consulting City Engineer must have the capability to design a full array of public works type projects including transportation infrastructure systems and storm water management systems in a manner that is functional and cost effective. The selected consulting City Engineer must be able to provide structural / engineering guidance and any necessary design work for municipal structures.
- C. **Environmental Services and Regulatory Agency Interactions:** The selected consulting City Engineer shall be well versed in regulatory compliance and permitting and be familiar with approval procedures of regulatory agencies including but not limited to the following: Texas Department of Transportation, Texas Department of Agriculture, Texas Water Development Board, Texas Commission on Environmental Quality, Upper Trinity Groundwater District, U.S. Army Corps of Engineers, Federal Emergency Management Agency, Federal Highway Administration, United States Environmental Protection Agency. The selected consultant will serve as the city floodplain administrator and prepare the Municipal Separate Storm Water System (MS4) permit as well as ensure all other timely submittals are made as mandated by the agencies listed above.
- D. **Grant Assistance:** The selected consulting City Engineer shall, as requested, complete or assist in the completion of grant applications for City projects.
- E. **Surveying, Easements and Related Services:** The selected consulting City Engineer shall have the capability of performing or subcontracting boundary surveys, topographic surveys, construction staking, prepare easement plats and easement documents, and assist in easement acquisition.
- F. **CAD and GIS Capabilities:** The selected consulting City Engineer shall have computer aided drafting and geographical information system capabilities upon request.
- G. **Meeting Attendance and Participation:** The selected consulting City Engineer may be expected to attend a variety of City meetings, including, but not limited to, planning and zoning meetings, council meetings, meetings of affected property owners, and meetings with city staff and developers.
- H. **Work Product:** The selected consulting City Engineer will be expected to provide the City with copies of all work products without limitation, which shall include reports, analysis, correspondence, plans, proposals, submittals, schematics, exhibits, drawings and any other documents produced in connection with the consulting relationship with the City in printed form, as well as in electronic form to include portable document format and the root file(s).
- I. **Assignment of Professional Engineer:** the selected consulting City Engineer shall assign to the City a minimum of one (1) staff person who is a Professional Engineer licensed to practice in the State of Texas.
- J. **Responsiveness:** The selected consulting City Engineer must commit to provide services to the City in a timely manner, without unreasonable delays.
- K. **Proximity:** The selected consulting City Engineer must be located within reasonable proximity to the City of Rhome to ensure meeting attendance, meeting coordination and the conveyance of documents when sent via courier.
